## M P Kumar

President, Rashtrotthana Hospital

As I pen these words, a profound sense of pride and gratitude fills me as I reflect on our remarkable journey. Rashtrotthana Hospital stands tall, a testament to our shared vision and mission – A VISION to create a place of healing, where we strive to provide quality, humane and affordable healthcare to all sections of society and A MISSION to provide exceptional healthcare services that go beyond mere treatment where patients are not merely seen but truly heard and cared for.

Our history, marked by unwavering commitment since inception, is a testament to the dedication of our incredible team. From skilled medical professionals to diligent support staff, each member plays a pivotal role in our ongoing success story. However, our journey doesn't solely revolve around the walls of our hospital. It extends to the lives we touch, the families we support and the communities we serve through our community initiatives. It's in the smiles of recovered patients and the hope we instill in the hearts of those facing challenging times.

At the heart of Rashtrotthana Hospital are our CORE VALUES – compassion, respect, dignity and ethical practices. These values are not mere words but the guiding principles that shape our actions and define our identity. They drive us to provide not just medical care but genuine warmth and support to every patient who walks through our doors. As we stride into the future, innovation remains at our ethos. Embracing technological advancements, refining our methodologies and continuously learning are integral to our pursuit of excellence. However, amidst this evolution, our commitment to compassionate care will forever remain unwavering. To everyone who's been part of this extraordinary journey, I extend heartfelt gratitude. Here's to a future marked by unwavering commitment, boundless compassion and continued success in serving our community.

# Late Sri M C Jayadev

The visionary force behind Rashtriya Parishat, Sri M C Jayadev Ji envisioned, nurtured and mentored the organization from its inception. He epitomized the fusion of duty and nationalism, dedicating his life to the principle of "One Life, One Mission" in an unparalleled manner. Rashtriya Parishat is steadfastly moving towards its objective of building a prosperous and healthy society by virtue of the durable foundation laid by him. His legacy serves as a guiding light, propelling Rashtriya Parishat toward the realization of its noble goals.

# About

Jayadev Memorial Rashtrotthana Hospital & Research Centre, stands as a beacon of compassion, excellence and integrity in healthcare. Beyond the confines of traditional medical facilities, Rashtrotthana Hospital is a place where patients are not merely seen but truly heard and cared for. Our commitment to trust and transparency ensures an unwavering dedication to compassionate care.

What sets Rashtrotthana Hospital apart is its integrated approach to healing. We harmonize Allopathy, Ayurveda, Homeopathy, Yoga & Naturopathy offering patients a diverse spectrum of services under one roof. This unique fusion combines the precision of modern medical practices with the holistic principles of ancient traditions providing comprehensive care tailored to individual needs.

Integrity is embedded in every service we provide at Rashtrotthana Hospital. From advanced medical treatments to personalized care plans, transparency is paramount. Our hospital stands as a testament to a holistic vision that goes beyond medicine offering state-of-the-art diagnostics, specialized treatments and a commitment to both traditional and modern healing practices.

At Rashtrotthana Hospital, we are not just a hospital; we are a healing sanctuary where integrated services converge to create a nurturing environment. Our goal is to not only provide medical treatment but to facilitate a comprehensive approach to well-being, embracing the synergy of diverse healing practices under one roof.

  - Education to create awareness on Lifestyle to build a sustainable healthy society
  - Building an Inspired & Value based team to deliver Compassionate care
- 

Core Values

- Compassion
- Respect & Dignity
- Ethical Practices

# Lokarpane

Jayadev Memorial Rashtrotthana Hospital & Research Centre was inaugurated on 5 December, 2022 by His Holiness Jagadguru Sri Shivarathri Deshikendra Mahaswamiji, Dr Sudha Murthy, Dr Devi Shetty, Shri Dattatreya Hosabale ji in the august presence of other dignitaries. His Holiness Jagadguru Sri Shivarathri Deshikendra Mahaswamiji said that this novel idea of Rashtrotthana Parishat of making high quality and humane healthcare available at affordable prices to the common man is highly commendable and Rashtrotthana Parishat is praise worthy for such a novel idea.

# ರಾಮೋತ್ಸಾನ ಆಸ್ತ್ರೇಲೋಕಾರ್ಪಣೆ

# Integrative Health Services

Integration essentially means comprehensive management of diseases by filling the treatment gaps inherent in treating system of medicine. Combining the management plans from alternative systems of medicine with mutual consensus and shared responsibility among the treating multidisciplinary consultants in a way that does not lead to adverse events either by drug– drug interactions, overdose or otherwise. This is unlike the “Cafeteria Approach” where the consultants and the infrastructure of various systems of medicine are collocated and the patient chooses where to go. Integrative medicine takes an inclusive approach to health, considering the whole person–mind, body and spirit while emphasizing the importance of the patient–practitioner relationship. At our facility, we understand that everyone is unique and their health needs vary. That's why we offer a range of services tailored to address diverse ailments and promote overall wellness. Our team consists of expert doctors specialized in Modern medicine, Ayurveda, Homeopathy, Naturopathy and Yoga. By integrating these different modalities, we aim to provide you with a well–rounded treatment plan that addresses not only your symptoms but also the underlying causes of your health concerns.

# Legacy of care

The journey began on 5th December 2022 with our first patient and today we serve close to ten thousand patients in a month. From admitting our first inpatient in March 2023, we are now treating close to 6000 inpatients annually. We are also successful in performing more than 150 surgeries monthly in a short span of twenty-four months.

We have welcomed more than 300 newborns in a short span of 24 months focusing mainly on the natural birthing process. Additionally, about 50+ premature babies have gone home safely.

Dialysis services initially started with three machines and now we are equipped with 8 machines conducting about 550 dialysis sessions monthly. Our emergency department functions round the clock, treating more than 50 patients daily, ready to handle any acute situation.

The ICU equipped with 25 beds is now expanded to accommodate more patients in the emergent situation and maintains a low mortality rate, sending home most patients happy and safe.

Achieving NABH entry level accreditation within the first year itself inspired us to aim for a full level certification in this year of 2025. We are officially among the first 7 hospitals in India to be accredited with the NABH 6th Edition. We have opened up evening clinics and also Sunday clinics for the convenience of the working people additionally.

Our model of care is deeply rooted in Bharat's rich heritage of holistic healing. Here we merge the wisdom of the ancient with the modern, emphasizing the harmony of the body, mind and soul. This integrative approach of treating various disorders introduced one year ago has benefited more than 200 patients offering the best outcome to the patients.

# Community Initiative

## Patient Service Department

The Patient Service Department manages the Poor Patient Fund, a crucial, compassionate initiative designed to extend financial support to indigent patients who face barriers to treatment affordability. Through the fund, the Department ensures Rashtrotthana Hospital covers the costs of essential diagnostics, medications, hospital admissions, and necessary surgeries for the most vulnerable. This commitment guarantees that access to quality healthcare is not denied due to financial constraints, thereby upholding the organization's mission of equity in medical care.

### Objective

The primary objective is to break down financial barriers, ensuring individuals have unimpeded access to essential medical care.

### scope

Specifically tailored for underprivileged individuals facing financial hardships, acknowledging their unique needs.

### Key Features

- Acts as a crucial lifeline for those grappling with the intersection of health and financial adversity.
- Reflects the hospital's core values, emphasizing community service, equality, and humanity.

## Clinic on Wheels

### Objective

Deliver vital medical care directly to the doorsteps of underserved populations, ensuring accessibility and convenience.

### scope

Underserved and remote populations, addressing healthcare disparities in hard-to-reach areas.

### Key Features

- Goes beyond being a mere mobile unit; embodies the promise of accessible healthcare, irrespective of geographic or economic barriers.
- General consultations, vaccinations, health screenings, and basic diagnostic tests to address diverse healthcare needs.
- Commitment to providing daily healthcare services with a dedicated team of medical professionals and coordinators.

# Features

Our hospital is situated on a sprawling 3-acre property, strategically designed with patient comfort in mind. Nestled in the heart of this expanse, the hospital building maximizes natural light and fresh air, creating a soothing environment for patients. Patient rooms are thoughtfully arranged to ensure privacy while still allowing easy access for visitors. Cleanliness is paramount in our facilities, reflecting our commitment to maintaining a hygienic and healing space ensuring a holistic approach to well-being.

Rashtrtthana Hospital embraces sustainability by maximizing solar power usage, reducing our carbon foot print and promoting energy efficiency.

Sprawling 3-acre  
Eco-Green Property

Spacious, well lit & ventilated patient rooms & corridors

State-of-the-art facilities

Serene & Meditative Quadrangle  
in the heart of the hospital

Harnessing Solar Energy for  
a Healthier Tomorrow

Ample Parking facilities

# Touching Lives!

## Touching Lives!

### Samraksha – Thalassemia Day Care Centre

1,10,000 + Blood Transfusions

A specialized care facility providing integrated treatment solutions for Pediatric and Adult Thalassemia Patients. Our comprehensive services include blood transfusions, iron chelation therapy, diagnostic evaluations, counselling, and nutritional support. We maintain a patient-centric approach dedicated to maximising the quality of life of our patients, reducing disease morbidity and providing essential support for families.

### Clinic on Wheels

Catering to Seva Vasathis of Bengaluru

35,000+Beneficiaries

The initiative consisting of 2 Mobile healthcare units designed to serve residents of Seva Vasathis—slums in Bengaluru. Equipped with essential diagnostic tools and manned by medical professionals, the mobile clinic travels to various locations, offering convenient, free consultations and follow-up care. This service ensures that even the most marginalized residents receive timely medical attention without the burden of travel or expense.

### Free Medical Camps

Catering to Urban & Rural Locations

42,000+ Beneficiaries

Regular free medical camps across both urban and rural areas to provide essential healthcare services to underserved populations. These camps offer general health checkups, diagnostics, preventive screenings and health education, with a focus on early detection and treatment of chronic diseases. By reaching out to areas with limited access to medical facilities, these camps bridge the gap in healthcare delivery and promote community well-being.

## Poor Patient Fund

Supporting the Indigent Patients

**500+ Beneficiaries**

The Poor Patient Fund is a compassionate initiative that extends financial support to indigent patients who are unable to afford treatment. Through this fund, Rashtrotthana Hospital covers the cost of essential diagnostics, medications, hospital admissions and surgeries for the most vulnerable. This ensures that no one is denied access to healthcare due to financial constraints, upholding the organization's mission of equity in medical care.

## Old Age Homes

**1500 + Beneficiaries**

Tailored healthcare services cater to the specific needs of elderly residents, addressing their unique health requirements.

## School Health Program

**10000 + Beneficiaries**

The School Health Program focuses on establishing comprehensive, evidence-based health initiatives within educational settings. By actively engaging students, these programs foster a sustainable culture of wellness and contribute significantly to their overall physical and mental health development.

## Orphanage Support

**1300+ Beneficiaries**

Our Orphanage Support program delivers comprehensive healthcare services to institutionalized children. By proactively reaching out, we ensure that every child has the necessary access to medical treatment, preventative care, and health facilities, addressing a critical need among this population.

# Agnivesha – Institute of Ayurveda

Agnivesha – institute of ayurveda propagates the key principles of ayurveda and works towards the vision of a healthy society.

Our vision of swastha susthira samajam lies in par with the opinion of acharya charaka – swasthasya swasthyarakshanam, aathurasya vikara prashananam. (to protect the health of the healthy and to cure the diseases of the sick .

The ayurveda department in our hospital is fully fledged & functional with all the facilities of panchakarma. Taking the wisdom from classical ayurveda texts and blending them with the modern diagnostics and understandings, we ensure quality of life through time-tested traditional wisdom and compassionate care.

# Rashtrotthana Research Centre

Rashtrotthana Research Centre is an in-house research facility under the aegis of Rashtrotthana Hospital, fostering collaborative, evidence based, patient centered integrative medical research, merging various branches of healthcare including Biomedicine, Ayurveda, Homeopathy, Naturopathy and Yoga.

The Centre enables doctors & healthcare experts to work together on evidence based innovations, integrating diagnostics, therapeutics, lifestyle sciences and preventive medicine. The Centre stands on a strong institutional foundation guided by a scientific advisory council, with a mission of Pioneering newer therapeutic modalities through rigorous patient-centric research and interdisciplinary collaboration, promoting integrated healthcare research to explore the synergy and complementarity between modern and Indian medical systems and lifestyle interventions, developing clinical approaches and strategies for prevention and management of a wide range of diseases and conditions leading to healthier society and dissemination of knowledge through public engagement.

The Centre currently has taken up clinical trials on integrating Ayurveda and homeopathic therapies to minimize the health issues in patients of Thalassemia. Multiple research programs have been envisaged in areas such as Obstetrics and Gynaecology, Anaesthesiology, Yogic sciences, Cardiology and metabolic disorders through integrated approach.

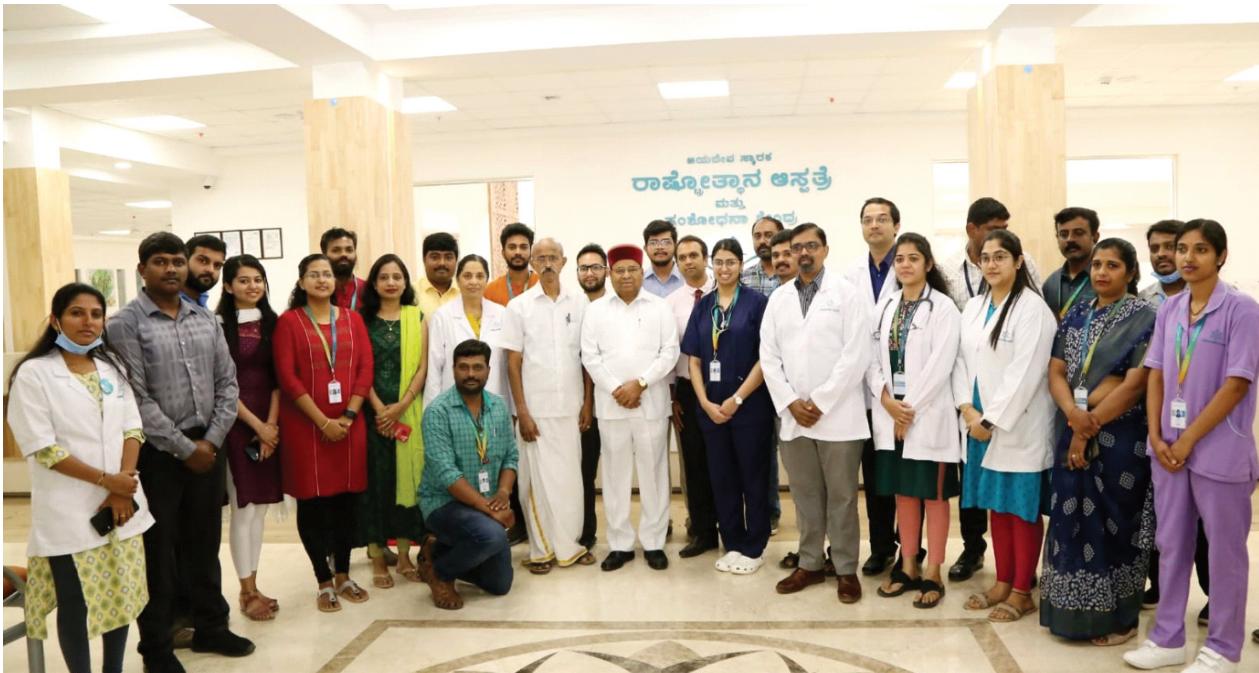

## NABH Accredited

We have embarked on the accreditation process for ER Excellence,  
Ayurveda NABH, and Nursing Excellence.

# Glimpse of Activities

## Testimonials

I brought my father, severely affected by respiratory issues, to this hospital and we left with him in significantly better health. The hospital's state-of-the-art facilities and positive atmosphere contributed to his fast recovery. The entire staff, both medical and non-medical, was very cooperative and caring. We are grateful for the outstanding care and support that turned a distressing situation into a hopeful one. Thank you to the dedicated team for bringing back our healthy and happy father.

After struggling to find proper treatment for my husband's brain stroke, we were recommended this hospital by one of our well-wishers. The thorough initial check gave us confidence. Despite his condition upon admission, the care here led to a significant improvement—he regained his ability to walk independently. The hospital staff's incredible cooperation made a world of difference. I wholeheartedly recommend this hospital to everyone; their care and dedication are commendable.

We're grateful for the exceptional care during my wife's complicated delivery. The Gynec team's expertise and efficiency, coupled with the hospital's commitment to cleanliness and advanced technology, provided confidence in a challenging time. The entire staff, from medical professionals to support personnel, cooperated remarkably. Their kindness was a source of immense relief. A heartfelt thank you to the entire team for their outstanding efforts in our stressful situation.

I recently underwent knee replacement surgery at this hospital, and I must say, the entire experience was exceptional. The facilities and treatment provided were top-notch, exceeding my expectations. The hospital staff was incredibly cooperative, ensuring my comfort and well-being throughout. What's more, the cost-effectiveness of the treatment was an added bonus. I am genuinely thrilled with the service I received. Thank you to the entire team for their outstanding care.

# Rashtrotthana Parishat

Rashtrotthana Parishat is a community service organization, founded in 1965, that aims to create a healthy and sustainable society rooted in Bharatiya ethos.

## Vision

**स्वस्थ सुस्थिर समाजनिर्माणम्**

**'Swastha-Susthira Samajanirmanam'** - To build a healthy and sustainable society

## Mission

- Create and promote literature that enshrines Bharatiya life values in the hearts of the people.
- Social Transformation through value-based, nationalistic education that achieves overall development of the students.
- To fulfill the needs of society through various service activities like yoga, health and such other.
- To create models of excellence in all activities and to encourage their widespread adaptation.
